

Case Study: Cleaning Services

Local Housing Association Communal Clean

Client: Local Housing Association

Project: Contractual and communal cleaning

Contract Period: On-going

Project Description

Zenith Contract Services Limited offer a weekly service to a local housing association, cleaning the communal areas of a block of flats. They have a lasting, ongoing contract because of their trustworthiness, reliability and ability to complete the job to a high standard.

On their weekly visits, they are often welcomed by waste, litter and rubbish left by the occupants in the outside vicinity, which can include damaged furniture, old clothes, empty boxes, and rubbish bags. On this occasion, Zenith came across broken glass on the shared outside area, damaged household appliances outside doorways and on the landing, rubbish bins piling up in the hallway and entrance, and waste surrounding the bin area.

Before they could complete their contractual weekly clean, Zenith contacted the Housing Association, who asked them to remove and safely dispose of this waste. Zenith like to provide a thorough, comprehensive cleaning solution, ensuring that the job is done properly and to the highest of standards.

Zenith have proved that they have the have the resources, capability and expertise to handle any cleaning requirement, regardless of any obstacles they may have to overcome. Their 'never say no' attitude means they have the ability and motivation to complete any job quickly and efficiently.

“We have chosen Zenith as our contractual cleaning body because they always get the job done. They go above and beyond their standard service offering and always maintain this high standard.”
