

Case Study: Internal and External refurbishment

External and Internal Decoration at Contechs

Client: Contechs

Project: Interior and Exterior Re-decoration

Contract Period: 6 weeks

Contract Value: £20,000

Zenith Contract Services Limited have recently completed a number of internal and external redecoration projects at Contechs in Warwick.

Contechs are a leading provider of specialist interior vehicle design and engineering services to OEMs and Tier 1&2 suppliers, within the automotive sector. They are renowned for their consistently efficient services and expertise.

Zenith provided their own expertise to four interlinked business units out of an existing block of six. The work completed comprised a total external re-painting programme to the building façade, spray painting of the internal ceiling linings, structural steels, and re-painting to internal walls, stair metalwork and woodwork.

Working alongside other contractors on a very tight schedule, to enable Contech's production to continue smoothly, Zenith completed their work with care and precision and very much to the customer's satisfaction.

Works carried out

Internal re-decoration

External re-decoration

Cleaning

Further images are featured on the following page.

“The Zenith Group have once again delivered an excellent decorative finish which has given our premises a huge uplift in its overall appearance”

Peter Jarvis, Managing Director, Contech

Following on from the completion of this project Zenith also completed external re-decoration to the two other adjoining units and most recently have successfully tendered for the contract cleaning services at Contech's offices.
